

MU Graduate School Application for Dual Enrollment

To be effective (semester and year): _____

1. Dual enrollment must be completed and approved by the Graduate School within one month after the start of the fall and winter semester and within three weeks after the start of summer session.
2. You must be within 15 semester hours of completing your undergraduate degree.
3. You must rank in upper 50 percent of your undergraduate division and have a GPA of 3.0 on your most recently completed 45 semester hours.
4. You must have the approval of your advisor, your undergraduate dean, and the Director of Graduate Studies in the department granting the graduate credit.
5. You must submit a copy of your UM-C transcript with this application.
6. You may accumulate a maximum of 6 semester hours of graduate credit through dual enrollment, with the exception of some honors programs.
7. Courses taken while dually enrolled may not be counted for both undergraduate and graduate credit.
8. You must make a separate application to be admitted to a graduate degree program.
